Detailed Explanation of Course

Academic Year: 2019-2020

Batch: 2016-2020

Year: IV/VII Semester

The main objective of the course is to provide the students with a solid foundation in heat ventilation and air condition and make them understand the calculation for heat loss and also about duct design.

The course was offered for final year mechanical students of Mangalam college of engineering. The course was designed with five modules and course was conducted from 2.11.2019 to 4.01.2020 Certificate was provided with students those who have 80 % of Attendance and scored 60 in internal exam evaluation
