'Manaveeyam 2016'
Report

"Future of India lies in its villages"-Mahatma Gandhi

"The soul of India lives in its village"-Mahatma Gandhi

As part of celebrating *NSS day* and '*Gandhijayanthi dinam*', NSS volunteers of Mangalam College of Engineering, Ettumanoor (Unit No. 561) were planned to conduct '*Manaveeyam 2016*' in our nearby village, Vettimukal, in Kottayam District. As Mahatma Gandhi said, for developing India, the first step starts from the villages.

We had a variety of programmes, based on the socially relevant themes, on the week from 24/06/2016 to 02/10/2016. For this to implement, we had a meeting of NSS volunteers on 21/09/2016 for fixing the theme for each day and the corresponding activities. The volunteers were divided into groups and assigned the responsibilities for each day.

Here follows the report of each activity.

24/09/2016 (NSS DAY)

Objective: To celebrate NSS foundation day or NSS day and motivating NSS volunteers to do more responsible to themselves and towards the society.

NSS Technical Cell of Mangalam College of Engineering celebrated NSS day on September 24th with an activity towards the protection of environment. The programme started with the Flag Hoisting ceremony by the Programme Officer, Mr. Jeneesh Scaria, and Assistant Programme Officer, Mrs. Shifa Sulaiman, followed by NSS song. The volunteers conducted a rally to the village, proclaiming environmental protection and also informed about the '*Manaveeyam*' programme. Various kinds of seeds were distributed to the colony residents promoting the importance of organic farming. Along with the seeds, a leaflet, informing about the need of organic farming were also distributed. NSS volunteers re-assembled the college auditorium and programme comes to an end with NSS prayer song.

Outcome: Created awareness among the villagers about the organic farming and thereby protecting the land and nature.

30/9/2016- Activity Report-An initiative on energy saving.

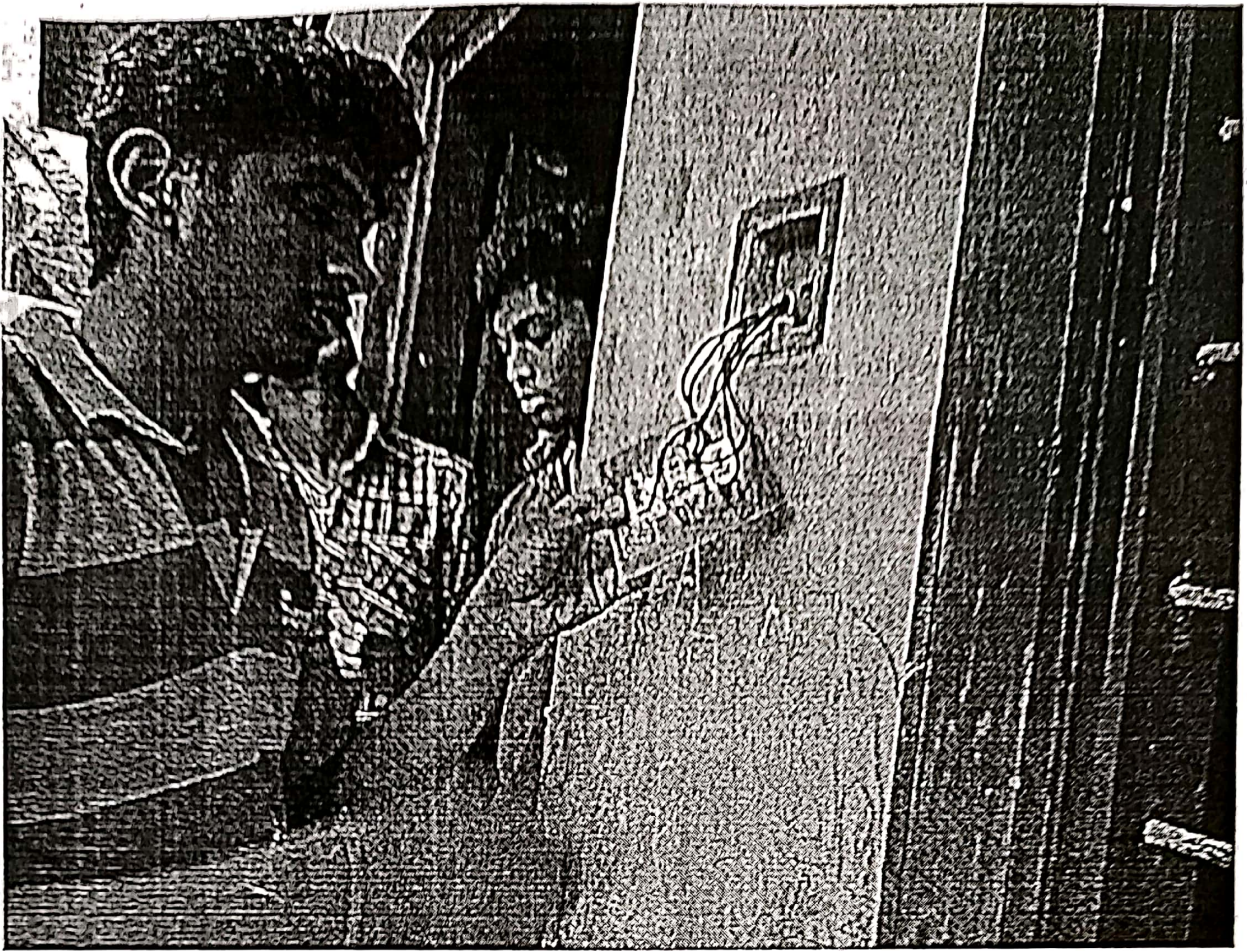

As per the decision made on the energy saving measures that have to be implemented in residents of our adopted village, we had found that some houses has electrical house wiring complaints, that lost energy through earth leakage and various faults. So as a start of our mission, we had selected Mr Binoy's house to repair the damage in wiring. We had taken a rough estimate on t what all are required and what all work are to be done there. We had replaced the damaged switch boxes, switches, sockets, pipes and wires. Earthing was also done properly as earthing was not there. With the support of other volunteers, the Electrical department had finished the aim and told them how to reduce energy and what all measures to be taken during lightning and other complaints that are found in wirings. The expenses met by the volunteers themselves. We have also planned to continue this program as we are finding the needs of needful.

Outcome: NSS volunteers initiated the field works and the villagers are also benefitted. It creates a helping mentality among the NSS volunteers.
